

# TSQ-3-D805 Power Splitter

- Micro strip structure, Low pass band ripple, High isolation, Low insertion loss
- Low insertion loss, Low VSWR, High isolation, Low pass band ripple, easy to install
- Suitable for indoor coverage system of cellular mobile communications and spread spectrum communications

Specifications	
Category	3 way splitter
Model	TSQ-3-D805
Freq.Range -MHz	100~450
Insertion Loss -dB	≤5.3
Isolation -dB	≥18
Nominal Impedance -Ω	50
VSWR	≤1.5
Power Capacity—W	50
Connector	N Female
Operating Temperature -°C	-30~+60
Relative Humidity -%	5~95
Dimensions-mm	185*82*20
Weight -g	440
