??

| Aluminum-alloy casing with IP65 protection has high resistance to dust, water and corroding

| Tx/Rx control and alarm messages can be transmitted via one fiber optic cable

| Stable and improved signal transmission quality

| One Master Unit can support up to 4 Remote Units to maximize utilization of fiber optic cable

| USB / RJ45 port provides a link to a notebook for local supervision or to the built-in wireless modem to communicate with the NMS (Network Management System) that can remotely supervise repeater's working status and download operational parameters to the repeater
